

## **Press release**

### **New RIAL Wheel Sizes**

## **LUCCA and M10 for the new Mercedes-Benz C-Class**

Bad Dürkheim, October 13th, 2021

**RIAL, a Superior Industries brand, is making new sizes of its LUCCA and M10 alloy wheels, thus expanding its range for the Mercedes-Benz C-Class.**

Two new RIAL wheel sizes are now available for the C-Class from iconic German automotive manufacturer Mercedes-Benz: LUCCA measuring 7.5 x 17 inches with an offset of 45, and M10 measuring 7.5 x 18 inches with an offset of 40. The two wheels expand the range on offer for this versatile and elegantly sporty vehicle.

### **LUCCA – powerful design**

LUCCA comes in a stunning choice of polar-silver, diamond-black, or diamond-black front polished paintwork. Its five distinctive double spokes fit in seamlessly with the visual design of the C-Class.

### **M10 – sporty straight lines**

M10 has five pairs of spokes, each pair converging slightly at the rim to give it a sporty appearance. It is available in a metal-grey, polar-silver, or racing-black finish, so C-Class owners are sure to be delighted by the extra choice. All versions also come with ECE certification so drivers can immediately hit the road.

## About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in Mexico, Germany and Poland. Superior currently employs about 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit [www.supind.com](http://www.supind.com).
