RIAL Presents New Wheel Size

ASTORGA Available for the Ford Mustang Mach-E

Bad Dürkheim, November 10th, 2021

The ASTORGA alloy wheel from RIAL, a Superior Industries brand, is now available in a new size for the Ford Mustang Mach-E. RIAL is thus expanding its product range for electric vehicles.

A new wheel size has now been added to the ASTORGA alloy wheel range – 8.0 x 18 inches with an offset of 42 – to complete the look of the modern, fully electric Ford Mustang Mach-E SUV.

In terms of color, ASTORGA offers three highlights here: diamond-black, graphite, and polar-silver. Thanks to its light weight, the ASTORGA alloy wheel is the ideal companion for the sporty electric vehicle.

About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in Mexico, Germany and Poland. Superior currently employs about 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit www.supind.com.
