### New Applications for Electric Cars

## RIAL ASTORGA receives wheel approval for Kia EV6 and Audi Q4 Sportback e-tron

Bad Dürkheim, December 1st, 2021

**RIAL, a Superior Industries brand, is expanding its offering for electric vehicles: the alloy wheel ASTORGA is now available for the Kia EV6 and the Audi Q4 Sportback e-tron. Thanks to its low weight, this alloy wheel complements the premium mobility experience with extra driving fun and the highest level of stability and safety.**

### Powerful match – Kia EV6 and ASTORGA

The 7.5 x 19-inch version of ASTORGA is ideally suited to the Kia EV6. With an offset of 49.5, ASTORGA completes the sporty look of the EV6, the first fully electric vehicle from Kia.

### Ideal team – ASTORGA and Audi Sportback e-tron

Drivers will soon be able to complement the sporty look of Audi's fully electric SUV with the sleek design of ASTORGA. For the Audi Q4 Sportback e-tron, ASTORGA is available in an 8 x 19-inch version with an offset of 45. In terms of color, ASTORGA makes a powerful impression whether in diamond-black, polar-silver, or graphite.
