

## **Press release**

### **New Application from RIAL**

## **X10 Now Available for the Fully Electric VW ID.3**

Bad Dürkheim, April 6th, 2022

**RIAL, a Superior Industries brand, is expanding its range of sizes for electric vehicles. The X10 alloy wheel has been approved for the fully electric VW ID.3.**

As a full-range supplier, RIAL is stepping up its focus on perfectly fitted wheel rims for electric vehicles. In a size of 7.5 x 18 inches with an offset of 51, the sleek lightweight X10 wheel is therefore ideally suited to the modern VW ID.3. Three color variations of the X10 alloy wheel are available for the powerful vehicle. Be it in polar-silver, racing-black, or metal-grey, each color harmonizes in its own special way with Volkswagen's electric car.

### **Complete with ECE certification**

Thanks to its ECE certification, you can simply mount the X10 wheel and hit the road. What's more, the proven five-year warranty from Superior Industries guarantees you a long-lasting driving experience.

## About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in Mexico, Germany and Poland. Superior currently employs about 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit [www.supind.com](http://www.supind.com).
