RIAL Presents New Applications

KIBO X and X12 Now Approved for BMW iX

Bad Dürkheim, August 17, 2022

Two alloy wheels from RIAL, a Superior Industries brand, are now available for the fully electric BMW iX: KIBO X and X12.

RIAL is expanding its range for electric vehicles with two new applications at once. Both KIBO X and X12 are now available for use on the BMW iX.

KIBO X – made for SUVs

The alloy wheel KIBO X, designed especially for SUVs, can now be used on the BMW iX in the size 9.0 x 20 inches with an offset of 33. The sleek wheel with double spokes is available in two colors: metal-grey and diamond-black with polished lips. RIAL offers an additional five-year warranty on the wheels with metal-grey paintwork.

X12 – agile and lightweight

With its five curved double spokes, the alloy wheel X12 is a visual highlight on the fully electric BMW iX. In the size 9.0 x 20 inches with an offset of 33, the wheel impresses in four color variations: diamond-black front polished, diamond-black, metal-grey, and polar-silver. RIAL also offers a five-year warranty on alloy wheels with diamond-black, metal-grey, and polar-silver paintwork.

About Superior Industries

Superior is one of the world's leading manufacturers of aluminum wheels for light vehicles. Superior supplies aluminum wheels to well-known automotive manufacturers and is the market-leading manufacturer of aluminum wheels for the accessories market (aftermarket) in Europe.

Superior maintains the leading European aftermarket brands ATS®, RIAL®, ALUTEC®, and ANZIO®. Superior has eight production plants, which are located in Mexico, Germany and Poland. Superior currently employs about 7,600 people worldwide.

Headquartered in Southfield, Michigan, Superior is listed on the New York Stock Exchange. For more information, please visit www.supind.com.
